

DOCUXPLORER

DOCUMENT MANAGEMENT SOFTWARE
Embrace a more productive, paperless office

Today's workplace exists beyond traditional office walls. DocuXplorer ensures your team has fast and secure access to the files and information they need at any time from any place.

DESIGNED WITH THE SMB IN MIND

Apply the full functionality and robust capabilities of a large organization's document management system to any business—at an affordable price.

LOYALTY LEADERS

With decades of experience and thousands of satisfied clients across a variety of industries, DocuXplorer's cutting-edge software is one of the most trusted sources for document management.

UTILIZED GLOBALLY ACROSS INDUSTRIES

Higher education; healthcare; law offices; government; finance and accounting; manufacturing; oil and gas; and real estate

- **ELIMINATE COSTS** associated with paper-based equipment, storage, retrieval, and processing.
- **SECURE & QUICKLY LOCATE** all paper documents, emails, faxes, and files from any program in one centralized repository, accessible on any device.
- **STAY COMPLIANT** with government regulations including HIPAA, SEC, SOX, FINRA, GDPR, and more.
- **INCREASE PRODUCTIVITY** and automate recurring business processes.

DOCUXPLORER IS ONE OF THE BEST WRITTEN AND MOST USEFUL SOFTWARE PACKAGES I'VE EVER USED.
